## OUTLOOK:

The directors are focused on generating recurrent income streams and capital appreciation through investment in the property sector. This will be achieved through investment in real estate through either debt or equity positions. The investment portfolio will continue to be structured to focus on opportunities in the residential, commercial, industrial and retail sectors. The target total return on investments across the portfolio is 14% per annum.

Eildon Capital invests in either debt or equity to take full advantage of changing market cycles. It increases debt exposure as the market approaches its peak, providing sufficient headroom to ensure capital protection in a contracting market. As markets turn, it increases equity exposure in property assets to capture value increase.

EILDON  
CAPITAL

Eildon Capital continues to experience very strong deal flow and this is anticipated to continue given current capital market conditions.

The completion of the recent \$16.6 million capital raising has provided the company with additional funds to continue to participate in those opportunities that meet its investment criteria.

To the members of Eildon Capital Limited

We have reviewed the accompanying half-year financial report of Eildon Capital Limited ("the company") which comprises the condensed statement of financial position as at 31 December 2017, the condensed statement of comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration.

**Directors' Responsibility for the Half-Year Financial Report**

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Independence**

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Eildon Capital Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the company's financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
